

The Advanced Bill Payment (ABP) Solution delivers a turn-key payment collection system ideal for on-site, remote bill payment and customer service. ABP includes all the hardware and software necessary to securely collect payment via credit card, cash, cheque or transfer from bank account. Other banking services such as ordering a cheque book or printing a statement can conveniently be incorporated.

Valuable staff can be relieved for more profitable and rewarding tasks of resolving disputes and increasing business. Customers greatly appreciate not having to wait around for routine services.
